forever is now

worldwide street date: 01 october '07

In 1999, SUBCONSCIOUS from Berlin formed and are considered as a constant part in the German Metalcore scene for years.

Their rather oldschool-dominated debut "Trains Of Thought" (2000) was followed by "Arising" (2002) and "From The Ashes" (2004), two self-recorded and produced CD EPs, showing the band getting closer to modern Metalcore.

Playing several shows with bands such as BORN FROM PAIN, NARZISS, MAROON, FALL OF SERENITY and SHORTAGE, the guys from Berlin acquired an outstanding reputation as a live band.

Early in 2006, Subconscious recorded their latest CD "Forever Is Now" at the 'Dailyhero Recordings' Studio in Berlin. The result is an absolutely solid piece of brutal music, fully living up to expectations and showing that all has not been said and done in that genre. "Forever Is Now" has been released in September 2006 on Pray For Nothing Records and is distributed worldwide due an cooperation with Maintain Records from Mai 2007 and Twilight-Vertrieb from October 2007. For the final mastering of their record, the band got Peter "Pluto" Neuber from 'Mega Wimp Sound', who already worked together with bands like BORN FROM PAIN, DISINTER, SEPTIC FLESH or AVULSED and who now also pimped "Forever Is Now". More support for this album comes in the form of guestvocals from their friends from Shortage and Prohibited.

On "Forever Is Now", Subconscious convincingly combine elements of Thrashmetal, Newschool-HC and Scandinavian Deathmetal to an explosive mixture. With razor-sharp riffs, heavy mosh parts, melodic guitar lines in several voices and lots of fun while playing, Subconscious unmistakably stand for brutal and manifold Metalcore, which they also know to perform live on stage, dragging the crowd along.

Anyone who is into bands like AS I LAY DYING, NEAERA or HEAVEN SHALL BURN, will certainly enjoy SUBCONSCIOUS and their latest CD "Forever Is Now" The Album is also worldwide available through several huge online music platforms like iTunes, Napster, Rhapsody, eMusic, and more as digital download
